## **NOTICE TO MARINERS 022/2021**

### **Jack Up Barge**

Mariners are advised that the Jack Up Barge Haven Seaseven 30.6m LOA and 18.3m Beam, will be shifted from the swinging hole to a position off the south knuckle of the wet dock entrance. The barge will be towed by the Boston Pride on the AM tide on 13/05/2021, around the high water period. The positioning of the barge and the continuation of dredging of the swinging hole from additional barges, will be such that the width of the navigable channel will be reduced during this time. Mariners are requested to navigate with extreme caution when passing, ensuring all barges are given as wide a berth as practicable.

Craft involved in this operation will be monitoring VHF Ch 12 at all times
