

KING'S LYNN CONSERVANCY BOARD.

Notice to Mariners No. 16 / 2021

East Coast of England - The Wash

Approaches to King's Lynn

Foul Area, Establishment of light Buoy

NtM 13/2021 refers

Charts: BA 1200, BA 108, Imray Y9

Mariners are advised that the anchoring equipment lost to the north of No.1 light buoy has been located and is now marked by a yellow special mark buoy with light character FI (5) Y 10s.

The area of designated foul ground (*) is now a circle of diameter 100m centred on the following position: 52°56.462' N 00° 21.523' E .

*Foul Ground is defined as "as an area of foul ground, not dangerous to surface navigation, but to be avoided by vessels anchoring, trawling etc".

The chart symbol for foul ground is a pecked line surrounding a # symbol.

Operations to fully recover the equipment along with the buoy are scheduled to be undertaken within the week subject to weather.

Craft involved in subsequent operations to locate and recover the equipment are to be given a wide berth and will maintain a listening watch on VHF Ch. 14 & 16.

Please contact the Harbour Office for further information.

14th June 2021

NtM 13/2021 now cancelled
